Year 2 Spring Term 2 Curriculum Map 2022

Curriculum Area	Topics
English	<u>Non-Chronological Reports</u> Pupils will be reading and exploring a non-chronological report all about Pirates. Through the report, they will investigate the structure and the key grammatical features of a non-chronological report such as verbs, conjunctions and commands. Pupils will then use the structure from shared writing to write their own non-chronological report.
Maths	In Maths we will be looking at the areas of Fractions and Length . Within these topics, pupils work on skills such as making equal parts, recognising a half and a quarter and comparing and ordering different lengths. Pupils will continue to work on their personal key instant recall facts which will help to improve their mental calculations. It is important that they learn and practise this target at home each week as part of their Maths homework. Pupils will continue to be assessed on their target every other Thursday in class. Please support your child with this routine by ensuring their KIRF book is ready available in their reading bags.
Science	<u>Seasonal Changes</u> Pupils will continue to observe the changes across the four seasons. They will complete practical investigative work to explore what is happening to our weather and wildlife as we enter the season of spring. Pupils will use secondary sources to research the term migration and will also find out how in the UK the day length differs throughout the year.
History	<u>The Greatest Explorers- Captain James Cook</u> Pupils will be focusing on the life and achievements of Captain James Cook. They will begin by finding out about his early life, his passion to be at sea and his three main voyages. They will then investigate his first exploration in depth and how he discovered the east coast of Australia. Lastly, they will think about why Cook was so special and how he helped others.
DT	<u>Food</u> Pupils will extend their knowledge of different food groups and will experience different foods through taste and smell. They will learn what hidden sugars are and where to find nutritional information on food packaging. They will then design, make and evaluate their own healthy wrap.
Music	<u>Zootime</u> Pupils will be learning a reggae song called 'Zootime'. Pupils will be playing musical games whilst learning about key dimensions of music such as pitch and rhythm.
P.E.	<u>Bat and Racquet skills</u> This half term, Year Two will continue to have their PE lessons on Mondays and Fridays . Pupils will work on developing and mastering their bat and racquet skills. During each lesson, pupils will participate in a series of team games and competitive activities. Through these tasks, they will work on using their hand-eye coordination when controlling a racquet/ bat and ball and striking for both power and accuracy.
R.E.	<u>Why does Easter matter to Christians?</u> In this unit of work pupils will recognise that God, Incarnation, Gospel and Salvation are part of the 'big story' of the Bible. They will tell stories of Holy Week and Easter and make a link with the idea of Salvation

	(Jesus rescuing people). They will find out how Christians show their beliefs about Jesus as saviour in Church worship and will think, talk and ask questions about the idea of forgiveness.
P.S.H.E	<u>Healthy Me</u> Pupils will learn about healthy food and making healthy choices. They will talk about things that make them feel relaxed and stressed and will understand the difference between being healthy and unhealthy. They will find out that germs cause illness and that all household products, including medicines, can be harmful if not used properly.
Computing	<u>Effective Searching</u> Pupils be looking at the internet, web browsers and search engines. They will learn how to use the internet to search for information effectively by exploring the main pages and buttons they will encounter while using search engines.
